#### Accreditation

The Magnetic Resonance Imaging Program at Saint Louis University is accredited by the Joint Review Committee on Education in Radiologic Technology (JRCERT), in cooperation with the American College of Radiology (ACR) and the American Society of Radiologic Technologists (ASRT).

The MRI Program has an advisory committee consisting of clinical instructors, managers, and directors in the healthcare profession. The committee contributes recommendations for enhancing the program as well as assessment of the program.

For further information on the Joint Review Committee on Education in Radiologic Technology, or to view WKH SURJUDPpV FXUUHQW DFFUHGLWDWLRQ VWDWXV JR W https://www.jrcert.org/.

### Program Mission and Goals

#### Programmatic Mission:

The Magnetic Resonance Imaging Program at the Saint Louis University Doisy College of Health Sciences is dedicated to preparing liberally educated, competent, caring and socially responsible Magnetic Resonance Imaging Technologists, committed to clinical and scholarly excellence.

Magnetic Resonance Imaging Program Goals:

- **x** Goal A: Students will be clinically competent
  - 1. Students will appropriately use, record, and verify patient data

## Program Outcomes/Effectiveness Data 20 ì Ô M Í Ë Í Î

The following is the most current program effectiveness data. Our programmatic accreditation agency, the Joint Review Committee on Education in Radiologic Technology (JRCERT), defines and publishes this information. Click here to go directly to the JRCERT webpage.

Credentialing Examination: The number of students who pass, on the first attempt, the American Registry of Radiologic Technologists (ARRT) certification examination, or an unrestricted state licensing examination, compared with the number of graduates who take the examination within six months of graduation. The five-year average benchmark established by the JRCERT is 75%.

Credentialin@xaminatiorRate

numberpassed on <sup>st</sup> attempt divided by number

Program Completion: The number of students who complete the program within the stated program length. The annual benchmark established by the program is 80%.

ProgramCompletionRate	number graduateddivided by numbestarted the program
Year	Results

## **Clinical Obligations**

Prior to the senior professional year in Magnetic Resonance Imaging in preparation for the clinical

### **Clinical Sites**

Clinical education requirements will place the student in the patient care setting in various clinical areas throughout the St. Louis Metro area; therefore, a student must have reliable transportation to get to the clinical sites. Students will travel to several of the following sites for their clin

### **Technical Standards**

Purpose: This is a non-discriminatory policy that describes the intellectual, social, and physical capabilities required to perform the tasks of magnetic resonance imaging. The mission of the program is to educate a practitioner in Magnetic Resonance Imaging. Therefore, students must meet these standards to pursue the program coursework and work within the field.

All applicants and students of the Magnetic Resonance Imaging Program must be able to perform each of the standards stated in this policy.

In some cases, the use of adaptive devices may be permitted in order for the student to meet selected technical standards.

**x** Submit to and receive a satisfactory report on criminal background checks and drug testing for substances of abuse.

Please note: Many medical devices, such as pacemakers, clips, cochlear implants, medication pumps, stimulators, etc., are considered unsafe in the magnetic field environment of the MRI Suite. Other implants may be considered safe or conditional; allowing access to the high magnet field and the MRI technologist profession. In addition, metallic foreign bodies inside the body may be adversely affected by the magnetic field.

Any Magnetic Resonance Imaging Program applicant who has a medical device or an internal metallic foreign body MUST contact the program faculty for clearance into the program.

### Admission Policy and Grading Scale

#### **Admission Policy**

All incoming freshman **DUH UHYLHZHG DFFRUGLQJ WR 6DLQW /RXLV 8QL** admissions require a minimum GPA of 2.7 and a minimum ACT score of 22 with no subsection lower than 20. Admission decisions are made according to date of complete application submission and space availability on approved JRCERT accreditation class size. A meeting with the MR Program faculty is highly encouraged to discuss admissions criteria, perquisites and Program technical standards.

#### Program Grading Policy

The MRI Program follows the Saint Louis University grading scale policy. The grading scale for each course is as follows:

Grade

- x \$Q q,3r JUDGH FRQYH如8W VIRWUR6D WUD10DHF WRR以)r8 QRWD WLVIDFV coursework is not completed within one year.

  x 2QFH DQq,3r JUDGH K D众8 IF RWQ K HJ &中W FR W QRR DY QE 中) IU HRYULVHG instructor but must be appealed through the Academic Records Revision Committee.

  NOTE: In-progress courses for a graduating student must be completed and graded within 30 days of the date that the course grade was posted.

#### SAINT LOUIS UNIVERSITY DOISY COLLEGE OF HEALTH SCIENCES ASSESSMENT PLAN

GENERAL GOAL: CONTINUOUSLY MONITOR STUDENT LEARNING OUTCOMES

Division: Clinical Health Sciences

Program: Magnetic Resonance Imaging - Professional Year

Academic Year: 2022-2023

Mission: The Magnetic Resonance Imaging Program at Saint Louis University, Doisy Colleg(e)-11 (su8 (e)-11 (f)25)23 (o)-1.28.856.14 (t)28 (h)

Outcome	Measurement Tool/ Reporting Strategies	Threshold (Benchmark )	Time Line/ Responsible Person	Data/Status/ Action Plan
Goal B: The students will demonstrate problem solving and critical thinking skills		'		
<ol> <li>Students will complete imaging procedures, explaining steps in detail.</li> <li>Students will present case studies and MRI final capstone project.</li> </ol>	a. Clinical     Competency Form     b. Clinical Practicum     Final Grade     c. Employer Survey  2. a. Case studies     b. MRI Capstone project	1. a. Average Score of ≥ 2 on a 3 point scale b Average Score of ≥ 2 on a 3 point scale c. 75 % response ³ D J U H H 2. a. Average Score of ≥ 7 on a 10 point scale. b. Average Score of ≥ 15 on a20 point scale	a. End of Fall and Spring         Semester     by Course Instructor     bEnd of spring semester by         Course Instructor     c. 6 months after graduation         by Program Director  2.	

Outcome	Measurement Tool/ Reporting Strategies	Threshold (Benchmark )	Time Line/ Responsible Person	Data/Status/ Action Plan
Goal D: Students will demonstrate professional growth and development				
The student will demonstrate professional behaviors	1: a. Mid & Final Eval form b. Employer Survey,	<ul> <li>1: a. Average Score of ≥ 2 on a 3 point scale.</li> <li>b. Average response is ≥ 3 D J U H H</li> </ul>	a. Summer Final Evaluation     Review by Clinical     coordinator/Clinical Instructor     b. 6 months after graduation by     Program Director	1 a. 3/3 <u>&gt; 75%</u> 1 b. 3/3 <sup>3</sup> D J U H H ′
2. The student will have knowledge of ethical behaviors	2: a. Mid & Final Eval form b. Employer Survey,	2: a. Average Score of ≥ 2 on a 3 point scale.  b. Average response is ≥ 3 D J U H H 2	2. a. Summer Semester Final Evaluation by Clinical Coordinator     b. 6 months after graduation by Program Director	2 a. 3/3 ≥ 2 2 b. 3/3 ³ D J U H H ′
3. Students will demonstrate professional growth through critical thinking	3. Critical Reflection Papers	3. Increase in depth of reflection papers average (Score14-15/15)	Spring semester by     Program director Clinical     coordinator	3. 3/3 scored 15 on final Reflection
