How does the service work?

Getting your personalized estimate

Your employer will provide the link to the website. It will take around 15 or 20 minutes to answer the questions and get your results. The results will show you:

- ① The optimal repayment plan and your estimated monthly savings
- ② Whether you qualify for a forgiveness plan, how much could be forgiven and when

To answer the questions you will need:

- **Social Security number**
- **Income as reported on your federal taxes**
Your income is shown on the first page of your most recent tax return or tax transcript, which can be requested from the IRS.
- **Personal information**
This includes, for example, salary, number of dependents and how you file taxes.
- **Student loan information**
The service lets you sync (or link) a read-only version of your loan information to the Savi calculator to provide results based on actual data. Just provide your login information for your student loan servicers—such as Navient, Nelnet, Great Lakes—including your username or email, password, and anything else required to log in to your loan servicer’s website.

Making sure your loans qualify

The Savi tool will alert you if you need to combine loans to qualify for PSLF. Any type of Direct Loan, a low-interest federal loan issued through the US Department of Education, qualifies. Federal Family Education Loans (FFEL), Perkins loans or Parent PLUS loans for a child would need to be consolidated into a Direct Consolidation Loan before qualifying. Savi can help you through this process.

Important:

- **Consolidate first.** Only payments made on the new Direct Consolidation Loan can be counted toward the 120 payments required for PSLF. If you consolidate midprocess, you won't receive credits for payments made to your old loan type.
- **Don't accidentally wipe out progress.** If you have a mix of Direct Loans and other federal loans, be cautious of combining them when you consolidate. By doing this, you will negate any accrued PSLF credits on your existing Direct Loans.
- **Be deliberate with irreversible changes.** Private loans (for example from a bank or SoFi) do not qualify for PSLF. Think carefully before refinancing federal loans to
