4. Data/Results

What were the results of the assessment of the learning outcome(s)? Please be specific. Does achievement differ by teaching modality (e.g., online vs. face-to-face) or on-ground location (e.g., STL campus, Madrid campus, other off-campus site)?

The courses were all taught via the same modality (online). The program is entering its third year, and there are as yet no graduates. There is not yet a great deal of data available for analysis. The majority of information obtained has been gleaned by discussions with students who are in the later stages of the program.
