_____: E. Blessing, J.M. Cox, Tyler DeShon, J. Nichols, L. Sweetman

_____ Dr. Dorsey called the meeting to order at 9:02 am.

Motion made by Jennifer Rust to approve the February 2nd, 2023, meeting minutes with suggested revisions and seconded by Father Michael Rozier, all approved motion.

The accelerated bachelor's to master's Biology/Public Health was passed at the February CADD meeting. Micro-credentialing Policy is now under review at CADD. There was some discussion around what we are trying to achieve with micro-credentialing. What skillset do our students need, and what experiences do we need to give them? Every discipline will differ in needs and experiences. If you are considering micro-credentialing, the best practice is to make sure it is discussed with UAAC and/or GAAC committee members before the process begins.

Additional discussions took place regarding the institutional framework regarding the approval process for new programs and/or policies that are brought forth to the UAAC and GAAC committees. How can we continue to evaluate ways to have less barriers and how we can move forward in a manner with a more structured and agile approval process allowing for a more informative process?

This policy has also been reviewed by the GAAC committee. Suggestions for revisions:

The revisions of this draft document will be incorporated into the policy and be moved for GAAC to review. The updated policy will then be shared with the UAAC committee in April.

A motion was made by Debbie Pike to approve the Dual Degree policy with the suggested revisions and seconded by Scott Sell and approved by the committee.

The revisions that will be added to the policy:

The UADD committee met in February and introduced the topic of waitlist. I want to provide the framework the group brought forward.

Some of the queries discussed at the UADD meeting were:

Some additional thoughts brought forth from the UAAC committee:

The waitlist policy will be on the March GAAC agenda for review and discussion. At the March 9th UAAC sub-committee meeting we will discuss challenge exams and the "draft" form for micro-credentials and as a reminder, if you want to bring forth a new micro-credential and for it to be in the catalog, the cut-off period will be May 2023.

Dr. Dorsey adjourned the meeting at 10:32 am.

Next UAAC Meeting: April 6th, 2023
