SLU Department of Biomedical Engineering
BME Research and Experiential Lea[illegible]
Opportunities for Undergraduates

Are you interested in experie[illegible] [illegible] in BME?

- Work closely with professors and graduate students on impactful research
- Acquire [illegible] applications in improving healthcare
- Apply [illegible] knowledge to real-life situations
- Develop lab [illegible]
- Gain resume experien[illegible]

Research A[illegible]

Biomaterials
[illegible]
+Mechanobiology
+Neuroengine[illegible]
Brain Computer Interface
+Rege[illegible]rative Engineering
+Scaffold Production
+Tissue Engineering

[illegible] me for faculty [illegible] profiles!
